EXPERIENCE

FRONTEND DEVELOPER — FREELANCE

July 2024 – Present

Self-Employed | Tiruvannamalai, Tamil Nadu (Remote)

- Built responsive portfolio websites, landing pages, and business websites for local clients using HTML5, CSS3, and JavaScript
- Developed e-commerce frontend interfaces with product grids, shopping carts, and responsive checkout flows
- Created interactive admin dashboard UIs with data visualization components and responsive layouts
- Implemented mobile-first design using Flexbox and CSS Grid, ensuring consistent experience across devices
- Optimized website performance through image compression, lazy loading, and code minification
- Managed projects using Git and GitHub for version control and clean code documentation
- Fixed cross-browser compatibility issues to ensure websites work properly on Chrome, Firefox, Safari, and mobile browsers
- Communicated directly with clients to understand requirements and delivered projects on time

SERVICES I OFFER

- 🎨 Portfolio Websites
- 📄 Landing Pages
- 🏢 Business Websites
- 🛒 E-Commerce Frontends
- 📊 Dashboard UI Development
- 📱 Responsive Redesign
- 🎯 UI/UX Implementation
- ⚡ Performance Optimization

EDUCATION

Jeppiaar Institute of Technology — Kanchipuram, Tamil Nadu

B.Tech in Artificial Intelligence and Data Science

Graduated: 2024 | Focus: Web Technologies, Machine Learning, Data Visualization

WHY WORK WITH ME?
